THE OPPORTUNITY

A Canadian partner for the **export and import journey**, from first market scan to delivered goods.

Saifee Quantum is a Canadian international business development company. We work closely with Canadian companies to identify export opportunities, develop global business relationships, and connect them with qualified buyers, distributors, EPC contractors and industrial customers across key international markets. We work the same way in reverse, helping Canadian buyers source and import from our manufacturing network and trusted international suppliers.

Our Vision

To become one of Canada's leading international trade solutions companies by enabling businesses worldwide to expand confidently into global markets.

Our Mission

To help Canada diversify its product markets by connecting business with trusted global partners while delivering reliable sourcing, procurement, consulting, and business development solutions that create long-term value.

OUR STORY

Founded in Toronto, built for Canadian exporters.

Saifee Quantum Inc. was founded in Toronto by Ebrahimm Bootwala to help Canadian businesses find customers, navigate new markets, and grow their international footprint. The company brings hands-on manufacturing and coatings expertise, systems and process discipline, and financial analysis experience, backed by a real production network rather than advisory experience alone.

That manufacturing grounding traces back to Saifee Industries, a Pune-based metal finishing operation founded in 1993 with over 30 years of experience in coating technologies including nickel plating, electropolishing, anodizing, and PVD coatings.

WHAT DRIVES US

Solving Problems

We tackle every challenge our customers face with the same urgency as if it were our own.

Conquering Challenges

Export hurdles rarely have easy answers, but we work through them until there's a clear path forward.

Customer Satisfaction

A satisfied customer is the clearest measure of work done right.

OUR NETWORK

01	Vancouver, Canada	Head Quarters
02	Toronto, Canada	Founding city
03	Pune, India	Manufacturing partner

One accountable partner for your entire **export and import journey**.

From market strategy to delivered goods, every step of your international expansion is managed under one roof, coded below the way a trade manifest is, so you always know which service covers what.

SVC · 01	Export, Import & Market-Entry Advisory STRATEGY · ADVISORY	Strategy, market intelligence and trade structuring that turns your export or import ambition into a clear, executable plan, from first market scan through to signed contract.
SVC · 02	Market Research & Intelligence RESEARCH · INTELLIGENCE	Before you invest in a new market, we find out whether it's worth entering. • Demand & sizing: how big is the opportunity, and is it growing • Competitive landscape: who's already there, and how you'd differentiate • Regulatory & tariff review: what it takes to get your product across that border • Pricing & margin benchmarks: what buyers are paying, and what's left for you
SVC · 03	Buyer, Supplier & Distributor Matchmaking BUYERS · SUPPLIERS · EPCS · DISTRIBUTORS	We identify, vet and connect you with international buyers, suppliers, distributors, EPC contractors and industrial customers who fit your business. Whether you're selling out or sourcing in, every introduction is qualified against your product, capacity and target region first.
SVC · 04	Compliance & Documentation CUSTOMS · DOCS	We work with licensed customs brokers so your HS classification, certificates of origin and customs clearance are handled correctly. One point of contact keeps your paperwork consistent across every shipment.
SVC · 05	Logistics & Freight FREIGHT · TRACKING	Ocean, air and multimodal freight forwarding coordinated through our carrier and logistics partners, with insurance, warehousing and real-time shipment tracking.
SVC · 06	Trade Finance LC · PAYMENTS	Access to trade finance including letters of credit, export financing and payment security solutions through our banking and EDC relationships, structured to protect your cash flow while you scale.
SVC · 07	Cargo & Marine Insurance INSURANCE · COVERAGE	We connect you with licensed insurance brokers to protect your shipments against loss or damage in transit, matched to your cargo, route and risk profile.
SVC · 08	Market Entry & Expansion EXPANSION · GTM	Enter new markets with distribution partners, regulatory guidance and go-to-market support on the ground. We help sequence which markets to enter first, and why.

WHERE WE OPERATE

Deep, on-the-ground relationships in the [regions that matter](#) most.

Backed by decades of manufacturing and trade relationships, including deep roots in India, Saifee Quantum gives Canadian businesses a trusted international network to launch into new markets faster.
